

# Halle E+G

MuseumsQuartier Wien

## HALLE E

### Sound Equipment\*

Halle E is equipped with an Amadeus Active Acoustics System. This processing unit allows to adjust the natural acoustics of the venue to the specific needs and requirements of your production. Halle E, being a multi-purpose venue, is unique in that regard. (The adjustment and use of Amadeus Active Acoustics is not included in the rental price, but can be booked on request.)

The following permanently installed sound equipment is included in the rental price:

- Mixing console: Allen & Heath DLive S7000, DM64
- PA: Main System L&R: d&b Y  
(Also available: 3 pieces of Electrovoice Variplex XL; L/C/R; hidden behind the portal bridge)
- Subwoofer: B22 (6 pieces available)
- Surround System: 28 pieces of Electrovoice SL12-2V
- Monitor speakers: 8 pieces of Kling&Freitag CA1215-9M (on 8 separate Channels)

A (wired) 2 party-line intercom system (ASL) as well as a show call system is available.

A list of microphones is available upon request.

For any further information, please contact the sound department of Halle E+G: [sound@halleneg.at](mailto:sound@halleneg.at)
